

ABOUT THE GCC L.E.A.D. ACADEMY

L.E.A.D. (Leadership through Engagement, Advocacy, and Dialogue)

is a two-semester leadership development program designed to expose students to leadership on an individual, team, organizational, and societal level. Featuring dynamic workshops, self-reflection, service projects, and experiential learning, the L.E.A.D. Academy will help students cultivate the skills, knowledge, and strategies they need to model and practice effective leadership. By participating in the L.E.A.D. program, students will gain competencies that are applicable to all aspects of their collegiate experience as well as the diverse professional world they will enter after college.

The L.E.A.D. program is open to all Glendale Community College students through an application and selection process. Selected students must commit to the program for the entire Fall 2017 semester. Participants who miss more than one of the sessions listed inside will be dropped from the program.

Apply today to be a member of L.E.A.D. for Fall 2017 – transform yourself and positively influence change in your community and the world!
