

## Off Campus Housing Resources

As with most community colleges in California, Glendale Community College does not offer on-campus housing or dormitory facilities. Students can explore [homestays](#) or look for rentals in the local area. Rental costs will vary greatly depending on size and included amenities. Most apartments do not come furnished and will require a "security deposit" of some amount. Some apartment units can be rented monthly; others will require the signing of a full year rental contract.

We have compiled a list of sites that may be helpful to you in your search. **Please note that the College does not endorse any service below nor is responsible for the content on any housing site:**

**IMPORTANT:** The International Student Office cannot act as a real estate agent for off-campus apartments and cannot assist in the signing of rental and leasing contracts. To avoid housing-related scams we recommend you use professional leasing sites that offer security features. Consider avoiding person-to-person listing sites (such as Craigslist).
