Transfer Center

I am a second year transfer student from Norco College/RCCD and my major is biology. I was part of the UCLA CCCP STEM site in 2017 and there I had all my questions answered about being a transfer student at UCLA. I also had the best mentors myself and hope to be as great as they were. Additionally, in my spare time, I love to binge Doctor Who and a million other British TV shows. I also enjoy jamming to my favorite band Phoenix to destress.
