Dear EOPS Students,

We have good news to share with you. EOPS staff has been working on optimizing our appointment scheduling system to ensure we schedule your EOPS counseling appointments as efficiently as possible.

Beginning Monday, February 1, 2021 EOPS students will be requesting counseling appointments **ONLINE** using a new **EOPS APPOINTMENT REQUEST FORM**.

EOPS will no longer process appointment requests using EOPS Desk or EOPS voicemail systems. You may still continue using EOPS email address and the phone extension to communicate with our staff regarding program related questions.

IMPORTANT: Check out our [EOPS Counseling Appointments](#) webpage for more details.

We have created a [short video](#) showing you the steps for using this new EOPS appointment request form. [Click here to watch the video.](#)

You may access the EOPS Appointment Request Form through the [EOPS Homepage](#) using the COUNSELING APPOINTMENT button, or you could also save this [link](#) on your desktop.

Send us your [EOPS Appointment Request Form](#) to schedule your next EOPS appointment!

Have a great weekend!
