Completing Transcript Entry

College Coursework

Review the instructions below very carefully. Failure to follow instructions will delay your admission decision and can ultimately impact your admission decision.

To complete this section accurately:

- Report all courses on your transcripts. Be sure to include courses from which you withdrew, repeated courses, ungraded labs, test credits, gym courses, orientations, or other non-graded courses.
- Use official copies of your transcripts. List your courses under the correct term, year, and class level. Department prefixes and course numbers must precisely match those on your transcripts.
- Enter courses under the institution where you originally took the course, exactly as they appear on the original school's transcript.
- Enter in-progress and planned coursework.
- It may take several tries to find your course, especially if it shares its name with others. Try typing the course code and scrolling through the course list.

After you enter transcript information for all colleges attended, you can review your calculated GPA on the right side. You can recalculate if you add additional courses after the initial calculation.

First-time Freshman Applicants: report all college coursework while enrolled in high school. Then, you must manually match college courses with the appropriate A-G category in the A-G Matching section.

Lower-division, Upper-division, and Associate Degree for Transfer Applicants: report all courses completed at all colleges attended.

Do not enter courses with different completion statuses (i.e., In Progress/Planned and Completed) within the same institution. This ensures your completed courses are included in your GPA.

If you have taken courses at the same CSU that you last attended and have not taken any college courses at another institution, you must report all courses completed at all colleges attended. If you have taken courses at another institution, enter the coursework for those courses under the appropriate institution. If you have taken courses at another institution, enter the coursework for those courses under the appropriate institution. If you have taken courses at another institution, enter the coursework for those courses under the appropriate institution.

Standardized Tests

You can self-report your standardized test scores or report tests you plan to take in this section. Some of the programs you apply to may require you to report certain test scores; be sure to check with your programs to ensure you are completing all requirements. Visit the [Applicant Help Center](#) for more information.

- **Freshman Applicants:** ACT and SAT test scores will not be used for any admission purposes and applicants are not required to submit these scores. If you took the ACT or SAT and already sent your scores to a CSU campus, you can add your information and College Board or ACT ID number below. If you have not sent your scores to a CSU campus, no further action is needed at this time. If you are accepted and you elect to submit your SAT and ACT scores, these results will only be used as one of the measures to place you in the proper mathematics and English courses.
- **Transfer Applicants:** Add any Advanced Placement (AP), CLEP, and International Baccalaureate (IB) tests that satisfy general education requirements. For more details, review the [External Exam Credit information](#). If you completed less than 60 transferrable units and took the SAT and/or ACT, report your results here. While SAT and ACT scores are not required, we encourage you to report any results here. If you do not plan to take the exams, click **I Am Not Adding Any Standardized Tests**.
