4. **Pizza Vending Machine - Discussion Item**
  - GCC was approached by Foodture, a company that manufactures vending machines that dispense hot pizzas and pastas, to possibly station one on campus.
  - We have a non-compete contract with First Class Vending, so we'd have to reach out to them to make sure a pizza vending machine wouldn't directly compete with any of the machines that they've already provided to the college.
  - Each pizza would run a patron \$6-9. The pizzas take about 3 minutes to be prepared and served.
  - The company is offering to pay us 30% of all sales.
  - Discussion of where the machines would be placed, as well as how GCC & ASGCC would promote them, will be carried out soon.
  - Overall interest in this idea; an affordable, sustainable, accessible food option especially to students taking night courses.
5. **Ice Cream Vending Machine - Discussion Item**
  - GCC was also approached by iCream: a company that manufactures vending machines that dispense frozen yogurt and ice cream with non-liquid/liquid toppings – with the possibility of also stationing a machine on our campus.
  - We're working with the company to determine a sales percentage.
  - The location of where we'd put these machines is still to be discussed.
  - Overall interest in this idea as well.
6. **Senator Application Process - Discussion Item**
  - Narrowed down the Senator interview to six questions. Made a list of separate questions for returning members versus new members.
