Description

This OER textbook is divided into eight sections for improving reading skills: Vocabulary in Context, Finding the Main Idea, Identifying Supportive Sentences, Implied Main Idea, Making Inferences, Reading Infographics, Patterns of Organization, and Purpose and Tone. Key vocabulary comes from the Academic Word List (AWL). Readings are academic and cover topics in politics, history, current events, and social issues: conformity VS groupthink, bias in the news, differences between the two major US political parties in the US, stereotypes, racism, and understanding graphs. A teacher text with an answer key and a link to a free online learner's dictionary is included.
