

Mentorship and Career Development Day

A Pre-Med Discussion

Calling All Premed, PharmD, and Dentistry Students and Those Interested in Exploring These Careers!

Please join the Armenian American Medical Society to receive valuable professional development and support in preparation to launch your career as a healthcare professional. Make sure you bring all your questions regarding applications and admissions.

Some of the benefits of participating are:

- Opportunity to be mentored by top healthcare professionals
- Learn valuable interview skills
How do I present myself?
- Meet your peers and mentors
- Get answers to some of your burning questions
- Receive the tools to plan for your future
- Gain visibility in our healthcare community

This event is being held in collaboration with:
